

# You Drive Me Crazy

## Shakin' Stevens

You know, Baby, when youre in my arms,  
I can feel your loving magic charms  
You drive me crazy, you drive me crazy.  
And when Im looking in those big blue eyes,  
I start afloating round in paradise,  
You drive me crazy, you drive me crazy.  
Heaven must have sent you down,  
Down for you to give me a thrill,  
Evry time you touch me  
Evry time you hold me,  
My heart starts speeding like a train on a track.  
I love you, Baby, and its plain to see,  
I love you, honey, it was meant to be

You drive me crazy, you drive me crazy, oh.  
Heaven must have sent you down,  
Down for you to give me a thrill,  
Evry time you touch me  
Evry time you hold me,  
My heart starts speeding like a train on a track.  
I love you, Baby, and its plain to see,  
I love you, honey, it was meant to be  
You drive me crazy, you drive me crazy, oh.  
And when Im looking in those big blue eyes,  
I start afloating round in paradise,  
You drive me crazy, you drive me crazy.  
You drive me crazy, you drive me crazy, oh.
