

# I'm Me With You

## The Kinleys

Baby, I'm up, then down  
I can laugh too soon  
Or cry at the Harvest moonGo downtown  
I'm barefoot, dancin' in the fountain  
Either way, it's easy with you  
Standin' there laughin' in your tuxTake off your shoes and roll your pant legs up  
Jump right on in, we'll worry later  
If we sink or swimHey, with you I can fly  
I can breathe, I can finally be myself  
Because I'm free  
Baby, I'm me with youI might cuss, I might pray  
There's nothing I can't do in front of you  
Oh, I can say the first thing that comes to my mind  
Oh yeah, it's easy with youHey, with you I can fly  
I can breathe, I can finally be myself  
Because I'm free  
Baby, I'm me with youWith me, you're the one  
Here in my world you're the sunHey with you I can fly  
I can breathe, I can finally be myself  
Because I'm free  
Baby, I'm me with you
