

# The Ribbon

Rodrigo Amarante

The ribbon is cut  
Now cameras are gone  
The news are all one  
The party goes on  
Done it's been said And up goes the flag  
An ox has been killed  
In display the head  
Then he came to me  
Born with a heart  
He poured me the one  
Fixed me up straight Son he said  
I knew you would  
Hell can only do you good  
You'll be where you should  
So I kissed the ring  
I missed the hand Ask who you must  
Faith it is trust  
And justice be made  
For numbers we pray A woman made blind  
With angels at guard  
Servants of lords  
With a scale and a sword  
She's looking at me  
She sees through the night  
The hit and run  
No one in sight Boy she said  
You oughta know  
Classifieds will never show  
What the aces do  
To the queen of hearts I know
