

They Don't Give

Jordin Sparks

Baby, baby, they say we ain't gonna make it

But I know, they don't give an eff about us

Way they hating, that's clear they just can't take it

But God knows, they don't know a thing about love

If we're gonna make it through whatever, don't let them hate

'Cause our love was meant to be forever, no matter what they say

Oh, the one thing I know for sure is

I know that they don't give an eff about us

So why should we care at all

When God knows they don't know a thing about love, love, love, about love

They just don't understand me, the

way I understand you

(I know that they don't give an eff about us)

I so wish they could see the way I am when I'm around you

(God knows, that they don't know a thing about love)

That I would sacrifice it all for you, know you'd do the same things too

Oh I do, why do they try to break our hearts in two?

Don't the know how much I love you?

And I do

But one thing I know for sure is

I know that they don't give an eff about us

So why should we care at all

When God knows they don't know a thing about love, love, love, love, love

Well it really shouldn't matter what

they say about us

But if I'm going to be honest sometimes it just does

'Cause I'm really in love

And it really shouldn't matter but we get caught up

And I'm gonna be honest, hey

Sometimes we just want the ones we love to love the ones that we love

But they don't give an eff about love

But one thing I know for sure is

I know that they don't give an eff about us

So why should we care at all

When God knows that they don't know a thing about love, love, love, love, love

Woah

They don't care

I know that they don't give an eff about us

So why should we care, why should we care

God knows they don't know a thing about love

They don't know, hey

God know that they don't give an eff about us

So why should we care at all when

God knows they don't know a thing about love, about love

I know that they don't give an eff about you, about me

So, God knows they don't know a thing about love
