

# Sit Tight

## Carina Round

Sit tight, it's your version of alive  
You keep your molecules inside  
I know you know desire is not so polite  
Take a quick breath, do you feel what's inside?  
Restraint is the frame you  
found  
But I see your soul as Juan Miro  
Maybe a Chagall  
Escaping through your eyes like a liquid time  
Take a quick breath, do you feel what's inside?  
Take a quick breath, do you still feel?  
Your tongue is twisted silk like  
Into ragged reason, untie your disguise  
Come into the sunlight  
There you are in sight  
The reason is, the reason is  
The reasons are  
There for you to ignore  
You drift into the wind of love  
And all you desired and dreamed of  
Is found under your feet  
It was there all the time  
I know you feel alone  
Those pictures are never gonna leave my head  
Your tears so heavy  
They're breaking down doors inside your head  
Someday, you're gonna find her  
She will be almost blinded  
By the light so bright  
You keep inside your heart, heavy as lead  
I know you feel alone  
Those pictures are never gonna leave my head  
Your tears so heavy  
They're breaking down doors in your head, in your head  
Someday, you're gonna find her  
She will be almost blinded  
By the light so bright  
You keep inside your heart
