

Something Bout You

Babyface

You are my favorite emotion
You bring the best out of me, love
You give me love and devotion
That's why you're like my everything Girl, I adore you! Place no one above you
I live my life for you
I can't help but love you! Girl, I be thinking about and dreaming about it girl
You know, you know
You rock my world
And I just want to (give you my, give you my)
Give you all of me (all of my all of my) for all of you
(Give you my, give you my)
'Cause there's just something bout you, girl You are my favorite obsession
Sometimes I can't even see, no
