

# The Biggest Lie

## Pansy Division

Your daydream's aren't forever  
Better get your shit together  
For a new gameBack to your hometown  
Back to your day job  
Back to your girlfriend  
The biggest liePassing on your judgement  
But you brought it on yourself, by being you  
You trade your self respect  
For no success, [unverified]  
But you end up nothingThe biggest lie  
Back to your hometown  
The biggest lie  
Back to your girlfriend  
Back to your girlfriend
