Don't Let Me Down

Halo Friendlies

here we are again
back to the place where we began
i went and need you to remember
(you said you'd remember)
where did we go wrong
forget the things that matter most
we all know it's part of the planif today was your last day to live
could you tell me what you would do with it?motivate the situation
comprehend my intuition
understand the bigger plan
and lift me up but
don't let me down
don't let me down
don't let me down
don't let me downhere i am again
alone and then
it's so hard to remember
all the words you said
and which ones i should forget
