

Desperation

Judith Hill

Maybe you're where you're supposed to be
Safely kept within the crowd
But you're looking for a reason to break free
Seems like you want to scream
But your voice were never too loud You gotta let it out
Bust a roof and tear down the walls
That's what it's all about
It's your life, it's your life it's your life We all need, we all need, we all need
We all need a little desperation
Can I have, can I have, can I have
Can I have a little desperation
Do you want, do you want, do you want
Do you want a little inspiration
Everyone, everyone
Everyone really needs a little desperation (oh yeah) Maybe it cost you everything
You looking all around
But the only one left is you
And now the clock is in full sweep
At the finish line, you can say you never knew Something let it go, ooh
So much was, if you just try now
Something let it show
Take a chance, take a chance
Take a chance, take a chance We all need, we all need, we all need
We all need a little desperation
Can I have, can I have, can I have
Can I have a little desperation
Do you want, do you want, do you want
Do you want a little inspiration
Everyone, everyone
Everyone really needs a little desperation (we don't need, we don't need) (We don't need)
Can I have little desperation ey
Yeah
And can I have a little inspiration
(Do you want)
Do you want a little inspiration (Desperation) We all need, we all need, we all need
We all need a little desperation
Can I have, can I have, can I have
Can I have a little desperation
Do you want, do you want, do you want

Do you want a little inspiration
Everyone, everyone
Everyone really needs a little desperation (oh)(Desperation)
Yeah
(Desperation)(Inspiration)
Ooh yeah, ooh yeah
(Desperation)
