

The Beginning of the End

Crematory

Emotions - reflecting the dreams of reality
Deep wounds - deep scars - tribute to days gone fast
The heart within. Damned to beat
The eyes, windows for the souls
Fate of the flesh - vulnerable and weak
Deaths consent the end of the beginning Dreams reflecting the emotions of lies -
The beginning of the end
Bloodless thoughts of lifeless memories -
The beginning of the end
Shadowy silhouette of fear -
The beginning of the end
Twine the feelings of new-born time -
The beginning of the end Bizarre lights weaving through
Grimacing screams, shattering the peace of death
Fates - destinies
The modern queen feasting upon the dreams of paradise The snake as expression of power
Poison spread to hate
The beginning of the end
Lies, reflecting the emotions of reality in dreams
