

# Authenticity

Tiffany Alvord

Do things originally  
You got your own style  
Let everybody see  
Gotta be unique  
Take a chance and speak  
Your mind, cause it only takes One step to your heart, it only takes  
One step to your heart..  
It only takes one step to your heart,  
Then you'll be fi-i-ine  
And you'll know who you are Authenticity  
Its just simplicity  
It's done so easily  
Be who you're meant to be  
It's not that hard to get  
Its only one concept  
Be yourself 'cause it only takes One step to your heart, it only takes  
One step to your heart..  
It only takes one step to your heart,  
Then you'll be fi-i-ine  
And you'll know who you are Live, Love, Laugh  
That's where it's at  
Faith, Trust, Hope  
Let it go  
Live, Love, Laugh  
That's where it's at  
Faith, Trust, Hope  
Don't you know, don't you know, don't you know... One step to your heart, it only takes  
One step to your heart..  
It only takes one step to your heart,  
Then you'll be fi-i-ine  
And you'll know who you are
