Wings

Tom Swoon

Circles in the sky I can't explain
Stars are all aligned, shining, path my way
Do I dare take the lead?
Do I share this masterpiece?
It's true beautyWish I had the wings of a butterfly
Sitting with the wind, tell the world goodbye
Do I dare stop to breathe?
Imagine me above the seas
It's true beauty
It's true beautyWings of a butterflyDo I dare take the lead?
Do I share this masterpiece?
It's true beautyWish I had the wings of a butterfly
Sitting with the wind, tell the world goodbye
Do I dare stop to breathe?
Imagine me above the seas
It's true beauty
It's true beautyWings of a butterfly
