

# What I Like

Gotthard

What I like is to take the highest road that never ends  
To hold the moment right here in my hands  
Yeah, thats what I like to feel alive  
What I like is to know your bodys lying next to mine  
To see you smile without a reason why  
Yeah, thats what I like, thats what I like  
Its something that will never end  
Soul to soul  
Everything here is all under control  
Eye to eye  
Can you see it? Can you feel it what I like?  
What I like is to take you on a journey 'round the sun  
I wonder if youd like to come along  
Yeah, well may be tonight, yeah, may be tonight  
Its something that will never end  
Soul to soul  
Everything here is all under control  
Eye to eye  
Can you see it? Can you feel it what I like?  
Its something that will never end  
And when its right youll understand  
Soul to soul  
Every thing here is all under control  
Eye to eye  
Let me show you all I've told you, yeah  
Soul to soul  
Everything here is all under control  
Eye to eye  
Can you see it? Can you feel it what I like?  
What I like?  
What I like?  
What I like?
