Exile

Girls Against Boys

You may be a loser you may be a cruiser
You know I'm on your side
You can show me the smile
But the vibe is better in exile
Hit me
Yeah you see what you want
But you can't go inside
Know what you want
But you can't go inside
GTive me what you wgive to no one
I can't go inside
Do that dance for no one
Song: Cowboy's Orbit
The love is good
If the loop is good
All styles + East coasting
West coasting
Don't ya forget
No regrets just get ya ass in orbit
Love is good
(I've got time to talk in and crush your mind)
Freakonica
Come freak me out
Dreamonica
Snoozonica
Freakonica
The love is good - can ya sell me that
The symptoms are systematic
The symptoms are rinematic
Come dream me out come freak
In a world of reaction
Evergy + affection
You affect me in do all styles east coasting west coasting get ya ass in orbit
Nine tenths of any battle is the love you have for what you're doing.
