Lose You Tonight

Him

Don't run away
'Cause I can't live without you
Please stay
And I learn to love you right
'Cause I was waiting for you, waiting for all my life
And I've been crying for you, die for you all this time, yeah
'Cause I was waiting for you, waiting for all my life
And I'm not gonna lose you tonight
Don't run away
I never wanted to hide you
Please stay
And I learn to treat you right
'Cause I was waiting for you, waiting for all my life
And I've been crying for you, die for you all this time, yeah
'Cause I was waiting for you, waiting for all my life, yeah
And I'm not gonna lose you tonight
'Cause I was waiting for you, waiting for all my life
And I've been crying for you, die for you all this time, yeah
I was waiting for you, waiting for all my life
And I ain't gonna lose you tonight
I was waiting for you, waiting for all my life
And I've been crying for you, die for you all this time, yeah
'Cause I was waiting for you, waiting for all my life, yeah
And I ain't gonna lose you tonight
I was waiting for you, waiting for all my life
I've been crying for you, die for you all this time
I was waiting for you, waiting for all my life
I've been crying for you, die for you all this time
I was waiting for you, waiting for all my life
