Wood

Aereogramme

Made out of wood
Made out of wood
Thrown us in highlights
Made out of wood
Devince promises
Taking over my lifeThink in ways
To make you whole again
Think in ways
To evolve back into themselves
Into themselvesLet go, let go
Let go, let go
Let go, let go
Let go, let goMade out of wood
Made out of scars
Burned on the highlights
Made out of wood
Devince promises
Taking over my lifeThink in ways
To make you whole again
Think in ways
To evolve back into themselves
Into themselvesLet go, let go
Let go, let go
Let go, let go
Let go, let goLet go, let go, let go
Let go, let go, let go
Let go, let go, let go
Let go, let go, let go
