Inescapable (feat. Cody Simpson)

Jessica Jarrell

I can tell, you like me.
I'm across the room.
Hit me like lightning, here comes the boom.
Should i walk on over; and come to you?
Or let you chase me; are you that type of dude?Now i wonder if she knows, that she got me on hold.
Got so many things to say.
Hate to let it get away.
Don't care about all the girls in here, they could all disappear.
You're the only one i want.
Wanna grab you, take you home.
What you doing standing with your back against the wall?
You and me together baby, we could get it on.
And nobody is hotter than me uh-uh
Nobody hotter than me (no, no)
And nobody is hotter than me uh-uh
Nobody hotter than me.
Baby what we got is inescapable.
Inescapable, inescapable.
Baby what we got is inescapable.
Inescapable, inescapable.Before the night is over.
Imma hit you up.
If you're still sober, imma get you love drunk.
I got the magic, you got the heat.
I'm telepathic, baby i know what you need.Don't care 'bout all the girls in here, they could all disappear.
You're the only one i want.
Wanna grab you, take you home.
What you doing standing with your back against the wall?
You and me together baby, we could get it on.
There is nobody hotter than me uh-uh
Nobody hotter than me (no, no)
And nobody is hotter than me uh-uh
Nobody hotter than me.
Baby what we got is inescapable.
Inescapable, inescapable.
Baby what we got is inescapable.
Inescapable, inescapable.Need somebody to party all night-ght-ght.
They don't got nothing on me.
They can try, try.
And you can't escape it.

Boy, don't lie, lie.
You can't escape it.
Boy, don't lie, lie.Don't care 'bout all the girls in here, they could all disappear.
You're the only one i want.
Wanna grab you, take you home.What you doing standing with your back against the wall?
You and me together baby, we could get it on.
And nobody is hotter than me uh-uh
Nobody hotter than me (no, no)
And nobody is hotter than me uh-uh
Nobody hotter babe.
Baby what we got is inescapable.
Inescapable, inescapable.
Baby what we got is inescapable.
Inescapable, inescapable. (oh boy)
Baby what we got is inescapable.
Inescapable, inescapable.It's inescapable.
