Just to Please You

Fighting Instinct

I gaze into my eyes
I wonder what my future holds for me in You
I pray all day and night
Oh Lord, what would you have me doI will live my life for YouAnd just to please You, Father
Is my one desire
It burns in me
Like a blazing fireNow things may come my way
That will try to make me lose my sight of You
But I will stand strong
To what I know is good and true, yeahI will live my life for You
For the rest of my daysAnd just to please You, Father
Is my one desire
It burns in me, yeah
Like a blazing fireTo preach the gospel to the nation
To every tongue and every race
And Lord, just to please You, yeahI gaze into my eyes
I wonder what my future holds for me in YouAnd just to please You, Father
Is my one desire
It burns in me, yeah
Oh, like a blazing fireTo preach the gospel to the nation
To every tongue and every race
And Lord, just to please YouJust to please You, yeah
Just to please You, yeah
