But Not Today

Acrania

Someday in life you'll step on my pride
Some day I'll fall down and start to cry
But not today, but not today, but not today, but not...Whenever you like you could take my life
Confront me and may be you can defeat me now
But not today, but not today, but not today, but not...Some day I may die in the frontline
But you won't enjoy my fall
I will fight against you front to front
And every blow will be returnedSame day I might die in the frontline
In a battle we can't avoid
We can't avoid man!Someday we'll fight and we'll give it all
And it spite of that, it won't be enough
But not today, but not today, but not today, but not...
We'll feel the loss, the rain, the blood
And with knees on the floor we'll swallow our words
But not today, but not today, but not today, but not...Â¡Maldita pena!Come again, I won't hide
The stakes will be on my side
There's no reason to live
If you ain't got the balls to die for itC'mon please me with the first strike
I know you can do better than that
Make me feel I don't deserve it
You know I'll take it, no matter the consequencesIt's better to stand up than to live on my knees
I might suffer but you won't enjoy it
The goal is greater than one's life
A person dies but ideas are bullet-proof
Someday in life you'll step on my pride
Some day I'll fall down and start to cry
But not today, but not today, but not today, but not...Whenever you like you could take my life
Confront me and may be you can defeat me now
But not today, but not today, but not today, but not...
