My Apple Heart

Lisa Stansfield

Listen baby, let's talk
I can't take this pressure
I need to love you
But I need to breathe tooHoney, don't mouth off at me now
But I've got to tell you a thing or two
Honey, hear me out and sit down
'Cause for some time its been on my mindNever had a love so strong
Never had a love so right, a love this tight
Never had a love so fine
Baby, it's so divine but you want too much timeYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartI just need a little more time
And you won't lose me, I'll love you more for it
There's nothing more exciting than being in your arms
But baby listen to me sometimes you've got to let goNever had a love so strong
Never had a love so right, a love this tight
Never had a love so fine
Baby, it's so divine but you want too much timeYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartA little more space
And a little more time
And well be alrightNever had a love so strong
Never had a love so right, a love this tight
Never had a love so fine
Baby, it's so divine but you want too much timeYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartYou can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heartYou can't go on

Eating away at my apple heart
You can't go on
Worming your way through my apple heartWe need to talk
You need to give me more time
