

Never Met

Faithful Henry

You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I will never ever hold our hands, hold our hands
You and I will never ever make no plans, make no plans
You and I will always be the perfect couple yes forever
I will never smell really bad, and you won't try to smell me never
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I will break no eggs, or each other's hearts for breakfast
You and I will never ever let our feelings go to waste
You and I will always be the perfect couple yes forever,
I will never let you go and you won't try to leave not ever
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I will never ever go to bed when we're angry
You and I will never ever go to bed when we're naked
You and I will always be the perfect couple we're so clever
'Cause we'll never have no sex which means that we'll have sex forever
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet

You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
You and I have never met and
You and I will never meet no
You and I will never ever, ever ever ever meet
