

# The Eternal Sea

## Frost

Visions  
Of the apocalypse  
A deep red vortex  
Burned the sky  
And mankind lies dying  
And ten beasts arise  
Waging eternal war  
Forevermore"From the sea he rises  
Creating armies on either shore  
Turning man against his brother  
Till man exists no more"The blossom all faded  
The mountains quake before me  
The hills melt to dust  
And run into my spine  
Where life has no value  
Where you are forever alone  
And the misery of life drowns you  
One last timeWhen you are forever alone  
Forever
