

Game Over

Girlicious

You walkin' over like a solider
You should know better you think you impress me undress me
Baby, you won't get it
I see you runnin', see you frontin' like you're dangerous
I hear talkin', t-talkin' 't-t-t- too much
Boy, whoa, you're just a boy and I n-need a man
Step it up, step it up, you can't be serious
I'm not her, game over
Step it up, step it up, you can't be serious
I'm not her, game over
G-g-g-g, G-g-g-g, G-g-g-g-get gone
G-g-g-g, G-g-g-g, G-g-g-g-get gone
I hear you holler, pop your collar, Mr. Go-Getter
Already work the room, you think that I don't know better
I know you want it but you're gonna have to bounce alone
The only sex you get tonight is on the p-p-phone
Boy, whoa, you're just a boy and I n-need a man

Step it up, step it up, you can't be serious
I'm not her, game over
Step it up, step it up, you can't be serious
I'm not her, game over
G-g-g-g, G-g-g-g, G-g-g-g-get gone
G-g-g-g, G-g-g-g, G-g-g-g-get gone
You sit there trying to buy me a drink
I see you working like a fool, sure player, yeah, that's what I think
Say what, say what, I'm gonna say so, don't come to me like that
Like I'm a doll do you somehow know I ain't your pussycat
Step it up, step it up, you can't be serious
I'm not her, game over
Step it up, step it up, you can't be serious
I'm not her, game over
G-g-g-g, G-g-g-g, G-g-g-g-get gone
G-g-g-g, G-g-g-g, G-g-g-g-get gone
G-g-g-g, G-g-g-g, G-g-g-g-get gone
G-g-g-g, G-g-g-g, G-g-g-g-get gone
