Bad yellow chick let her ride me like pegs nigga

Fuck with me end up dead nigga

Put a cap to yo chest like you sayin' the pledge nigga

Or wake up with this tray in your face with no time to say grace

This that breakfast in bed nigga

They say I was a menace like Dennis is

Came a long way from trappin' and hittin' licks

Makin' moves so my family can benefit

Even the paralyzed say that they feelin' this

No Bruce Jenner fool, nigga you been a bitch

And your girl treat my dick like it's licorice

First she blow me and then I slide in bitch I been in that game like my name Sega Genesis

If you start with a gangster I'll finish it

Put an end to shit then I'll act innocent

I come through with them Glocks to put you in a box

He don't know how I creep and I pop up
Or how I think I'm a three headed monsta
All my guns they got kick ain't no soccer
All my bullets gon' sing like the opera
I come through with this choppa
When it go Bracca
It turn your brains into pasta
My broski just sold me a fresh Glock
Green light on that bitch like an Xbox
I pull up and hop out no rest stop
And then I throw bullets like Prescott
I keep a bandana like xPac
Bandanas and guns like I'm Rambo
I never run out of ammo
I got more soul than a dance floor
No bitch I cannot be your man though
You know I stay lit like a candle
20 bands up in my pants ho
I got my dough up like a Lambo
From the slaughterhouse boy, I will slaughter you
Bangers and bitches on me when I'm walking through
You get wet like Poseidon when I come through slidin'
your death will be so mythological
I got bodies so watch who you talking to
Those who play will get changed like an audible
I put all of you up in an article

Then go sauce on your bitch honey barbecue
So shawty go nuts she went crazy
She was cleaning my pipe, tryna drain me
Money changing but I'm still the same me
When them fuck niggas die boy they blame me Shawty go nuts, she go crazy
