

# Only Love

## Garbo Talks

You may live alone  
And close your eyes some folks do  
You may dream a dream  
That's twice your size all night through  
When the morning comes, who's to tell  
Your dreams to? Only you  
Only love, love only, only love will do  
Only love, love only, only love comes true  
Nothing else, you see, there's nothing else  
Only love, only love  
I have known a love  
Within my heart one or two  
Where one love would end

And one would start I never knew  
If love should come your way  
You'll learn to say, I love you, I love you  
Only love, love only, only love will do  
Only love, love only, only love comes true  
Nothing else, you see, there's nothing else  
Only love, only love  
Only love, love only, only love will do  
Only love, love only, only love comes true  
Nothing else, you see, there's nothing else  
Only love, only love
