

Home (Cat Carpenters Official Remix)

Dotan

Run past the rivers, run past all the light
Feel it crashing and burning, 'til it all collides
Strike a match lit the fire, shining up the sky
As it all comes down again
As it all comes down again

As it all comes down again, to the soundThe sound of the wind is whispering in your ear
Can you feel it coming back?

Through the warmth, through the cold, keep running 'til we're there
We're coming home now, we're coming home now
The sound of the wind is whispering in your ear
Can you feel it coming back?

Through the warmth, through the cold, keep running 'til we're there
We're coming home now, we're coming home nowHear the voices surround us, hear them screaming out
We'll be crying for mercy, we'll be crying out loud
Burn the bridges in our town 'til the point where we drown

As it all comes down again
As it all comes down again
As it all comes down again, to the soundThe sound of the wind is whispering in your ear
Can you feel it coming back?

Through the warmth, through the cold, keep running 'til we're there
We're coming home now, we're coming home now
The sound of the wind is whispering in your ear
Can you feel it coming back?

Through the warmth, through the cold, keep running 'til we're there
We're coming home now, we're coming home nowWe are coming home, we are coming home

We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home

We are coming homeThe sound of the wind is whispering in your ear
Can you feel it coming back?

Through the warmth, through the cold, keep running 'til we're there

We're coming home now, we're coming home now
The sound of the wind is whispering in your ear
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there
We're coming home now, we're coming home now
