This Cold Life (live)

Paradise Lost

I can take one day to achieve my goal,
Then it starts again
In this circumstance that I call my own
Dreams just don't deliverI never needed foes forever feeling low
Cause they break me down
Cannot fake this frown.
I never took offence
I never swore in advance
But I'll break you down
With my poison mouth againI cannot deny bittersweet recline to a sole religion
It's a certain way that I'm feeling host to a new deception
