Kitty Kitty

The Ills

If you a bad lit kitty, kitty
And you see me
In the streets or in the club
And you tryna get my attention
Just purr
Here, kitty, kitty, kitty
Here, kitty, kitty
Here, kitty, kitty
Here, kitty, kitty
Make yo body
Purr, purr, purr, purr, purr
I'm looking for the right kitty
Nice walk, nice fur
She got a real strong stand
With a real soft purr
Clean kitty who like
Hoes in the dirt
Wanna lay in yo lap
Rub her face in yo shirt
And she super, super timid
She don't like to move fur
Got a solid lil' frame
With a nice set of curves
And she sleep in a box
What I love about her
Love to hang by herself
Love to stand in front the mirror
Got nice long legs
Look good in her skirts
And I have this flow
When she ride in reverse
She don't never say much
When you feed her she just purr
You can play with her feet
Touch her tail, she jerks
She just like a kitty
Show her teeth when it hurt
Gotta lil' attitude
That can use a little work

Wanna make her close her eyes
Rub her stomach it works
If you want my attention
When you see me just purr
Here, kitty, kitty, kitty
Here, kitty, kitty

So it never get ignored
Wanna top notch kitty

Let the air cool her off

Every time the kitty cold
Keep her close to me
Don't want the kitty getting lost
You ain't ridding with a lame

Just like a lil' kitty
Run yo hands through her fur
'Cause her ass so pretty
How she follow you around
How you know when she with it
