

New York City Girl

Bodyrockers

New York City, New York City Girl
New York City, New York City Girl She don't need no man
She got a five minute plan
'Cos she's one sick bitch
(Sick bitch)
With a one year itch I've seen it, done it, love it, need it, want it, got it
Seen it, done it, love it, need it, want it, got it New York City, New York City Girl
New York City, New York City Girl
New York City, New York City Girl
New York City, New York City Girl This girl is [incomprehensible] moody
So keep your distance honey
It's how she gets her kicks
(Kicks, kicks, kicks)
But she don't turn no tricks I've seen it, done it, love it, need it, want it, got it
Seen it, done it, love it, need it, want it, got it New York City, New York City Girl
New York City, New York City Girl
New York City, New York City Girl
New York City, New York City Girl New York City, New York City Girl
New York City, New York City Girl New York City
New York City
New York City
