

My Way to You

Lloyd Cole

Well, the last thing that you knew
He was walking out on you
To the point of no return
But I found you When I couldn't find my way home
I could always make my way to you
When I couldn't drink myself sober
I found you, I found you, I found you Well, the last thing that you need now
Is a shoulder there to bleed on
But I believe, I've seen light
Coming through you, yeah, yeah When I couldn't find my way home
I could always make my way to you
When I couldn't drink myself sober
I found you, baby, I found you, I found you When I couldn't find my way home
I could always make my way to you
When I couldn't drink myself sober
I found you and I found you I couldn't find my way
I found you
I couldn't find my way home
I found you
I couldn't find my way
I found you I couldn't find my way
I couldn't find my way home
But I found you
I couldn't find my way home
I found you
I couldn't find my way home
