

The Lord

Bee Gees

Play you a song What do you get for trying?
Minute you're born, you're dying
Body is six feet down
The Lord said the soul sticks around You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord You think you live on laughter
But you don't know what's after
Singing hallelujah
I can know the master You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord, yeah When my life is over
Lie in fields of clover
Waiting for my own girl
Living in a new world, yeah Well, you can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord What do you get for trying?
Minute you're born, you're dying
The body is six feet down
The Lord said the soul sticks around Well, you can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
I'm gonna believe in the Lord
