Your Bore

Seether

You make me feel like I'm a whore
Like I'm the one whos there to bore you now
Its always gonna be this way
Get the fuck awayCause I cant seem to show you what you wanna see
I can never give you anything you need
I'm sick of wasting time on what can never be
I cannot control you into wanting meYou always wanna steal the light
By stepping on the ones who fight for you
Its always gonna be the same
Get the fuck awayCause I cant seem to show you what you wanna see
I can never give you anything you need
I'm sick of wasting time on what can never be
I cannot control you into wanting meI hate what you are
Ill break you and leave you scarredCause I cant seem to show you what you wanna see
I can never give you anything you need
I'm sick of wasting time on what can never be
I cannot control you into wanting me
