Ugly

Lifer

No use running I see you there
No use hiding or lying
I'm becoming you
I'll be all that I'll be beautiful
Pitiful, beautifully pitifulLook at yourself
What do you see now?
Ugly somehowI am ugly, you are ugly
We're all ugly in the mirrorClear day, sunny day
Now cloudy day, good day
My pain lasting too long
But I love what I've become beautiful
Pitiful, beautifully pitifulLook at yourself
What do you see now?
Ugly somehowI am ugly, you are ugly
We're all ugly in the mirrorI'm not mentioning any names
(I'm not)
I'm not mentioning any names
(I'm not)
I'm not mentioning any names
(I'm not)
I'm not mentioning any namesLook at yourself
What do you see now?
Ugly somehowI am ugly, you are ugly
We're all ugly in the mirrorI am ugly
(I am)
You are ugly
(You are)
We're all ugly
(We're all)
In the mirror
(In the)
