Hades

[Music - Lorenzo]

[Lyrics - Tecchio]Now is the time to choose

What have we got to lose except all we've worked for?

RIGHT OUT THE DOOR

All of our lives we slave

Headfirst into the grave, without a second thoughtIN Y2K

Digital DisarrayImpending all time low

Solutions come much too slow in our high tech age

IT'S ALL THE RAGE

Stopped in our global tracks

By a stupid, shortsighted act

Time will be standing stillIN Y2K

Digital Disarray

IN Y2K

Two digits of dismayCountdown to the year 2000

Seems like an insurmountable mountainIn time this may not be a big deal

But right now fear of the future's all I feel
