

# Words of Life

## Big Daddy Weave

On this hallowed ground  
In this holy moment  
Lord, I am amazed  
Standing in your presence Let my heart be still  
And everything surrounding  
Listen to the voice  
That was all creations founding And speak  
Words of life  
Words of life  
Words of life to me, to me Down here on my knees  
I'm broken and I'm bleeding  
Longing to be free  
So desperately I'm needing You to look my way  
And see this poor heart beating  
You have but to say  
One word will be my healing Lord speak  
Words of life  
(speak to me)  
Words of life  
(jesus speak)  
Words of life to me Speak your words of life to me  
Say the words that set me free  
I long to hear you, long to feel  
You're drawing near, I'm drawing near to you Speak your words of life to me  
Say the words that set me free  
I long to hear you, long to feel  
You're drawing near, I'm drawing near to you Words of life  
(speak to me)  
Words of life  
(jesus speak)  
Words of life to me Words of life  
(speak to me)  
Words of life  
(jesus speak)  
Words of life to me, to me, to me
