

# Apology

## Anastacia

Starting to believe you  
All the things you've been through  
I don't even want to  
Knowing what the truth is  
Hating what the truth is  
Scared of what the truth is  
You're right so I'm just gonna say it  
I can feel your eyes are on me This is my apology tonight  
I don't wanna fight about it  
This is my apology and I  
I just wanna say I'm sorry It's so hard, takes too long  
When we both stay strong  
Tryna keep this pain alive  
Oh, can we let it be tonight?  
Can we let it be tonight? Looking for the reasons  
I didn't need them  
Free me from the treason  
I wanna start it over  
Can we start it over?  
Let me start it over  
You're right so I'm just gonna say it  
And I hope these words set you free This is my apology tonight  
I don't wanna fight about it  
This is my apology and I  
I just wanna say I'm sorry It's so hard, takes too long  
When we both stay strong  
Tryna keep this pain alive  
Oh, can we let it be tonight?  
Can we let it be tonight? Oh, the truest words are never wasted  
I'm letting go just show me how  
I'm getting closer I can taste it  
This time, our time This is my apology tonight  
I don't wanna fight about it  
This is my apology and I  
I just wanna say I'm sorry
