

# What If

Colbie Caillat

What if we were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah  
I don't know what to think  
Is this real or just a dream  
In my heart is where you'll be  
I'll keep waiting till we meet  
What if we were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah  
I write our names down in the sand  
Picturing all our plans  
I close my eyes and I can see  
You, and you ask, "Will you marry me?"  
Is it made up in my mind?  
Am I crazy just wasting time?  
I think this could be love, I'm serious  
What if we were made for each other  
Born to become best friends and lovers  
I want to stay right here  
In this moment with you  
Over and over and over again  
What if this could be a real love  
A love, a love, yeah  
Boy, you know you really  
Make my heart stop, stop, stop  
Oh, what if this real love  
What if this real love  
Oh, boy, you make my heart stop  
You make my heart stop
