

# Kiss

## Vengaboys

Every Friday, my head's spinnin' 'round and 'round  
Been workin' all week now, baby  
Yes, it's my day, I take a trip downtown  
To my favorite club now, baby That's when I see you with loving arms to fall into  
But I'm not looking for full time love  
There's still so much I wanna do I only kiss, kiss, kiss when the sun don't shine  
You wanna kiss, kiss, kiss then tonight is fine Make some noise for the Vengaboys  
Can live without it, I don't want a full time love  
'Cause it's not on my mind now, baby  
You know my freedom is what I thinking of  
And I ain't got the time now, baby Straight out of the blue, you came and ask me to  
Be your date in the daytime, babe but I'm sorry, no, can't do I only kiss, kiss, kiss when the sun don't shine  
You wanna kiss, kiss, kiss then tonight is fine  
I only kiss, kiss, kiss when the sun don't shine  
You wanna kiss, kiss, kiss then tonight is fine Kiss me when the sun don't shine  
Kiss me when the sun don't shine Make some noise for the Vengaboys  
Make some noise for the Vengaboys I only kiss, kiss, kiss when the sun don't shine  
You wanna kiss, kiss, kiss then tonight is fine  
I only kiss, kiss, kiss when the sun don't shine  
You wanna kiss, kiss, kiss then tonight is fine
