## New Creation Worship

surely as the dawn awakes  
Your love for me will never fade  
relentless love pursued my soul  
till condemnation lost its hold You took my sin  
the just for the unjust  
You made me yours  
through Your redeeming blood no other works can qualify  
You paid in full salvation's price  
i'm given life by nail-scarred hands  
to worship You with all i am You took my sin  
the just for the unjust  
You made me yours  
through Your redeeming blood  
conquered death  
reversing every curse  
You broke the chains  
You tore the veil Glorious King  
The name above all names  
You paid in full  
You rose to reign no other works can qualify  
You paid in full salvation's price  
i'm given life by nail-scarred hands  
to worship You with all i am You took my sin  
the just for the unjust  
You made me yours  
through Your redeeming blood  
everything gained i count loss  
in the light of The Cross  
every demand made You paid  
with the stripes that You bore  
You are all i need  
You are all i need
