

My Money

Bap Kennedy

This situation
Just goes right around
 You wind me up
And you run me down
 You're in my face
Everytime I turn around
 You're on my case
With that same old sound

I want my money and I want my money now
I want my money and I want my money now
 You'll get it in the morning
There's thing I gotta do
 You're not the only
 One I'm owing to
 You're still at my door
 Every night and every day
I know what they're here for
 I know what they say

I want my money and I want my money now
I want my money and I want my money now
I want my money and I want my money now
I want my money and I want my money now
 Solo

I want my money and I want my money now
I want my money and I want my money now
I want my money and I want my money now
I want my money and I want my money now
 (Fading)

I'll tell my mom when I get home
The boys won't leave the girls alone
