

Everyone Else in the World

[Stina Nordenstam](#)

You have to stand perfectly still
You have to close your eyes
And when I'm finished
I don't believe you can call Everyone else in the world
Who left me by now
Who left me from day one
But not you Everyone else in the world
Who left me by now
Who left me in a crowd
But not you False promises of love
Still promise love
You'll get what you want
When you just want what you get Everyone else in the world
Who left me by now
Who left me from day one
But not you Everyone else in the world
Who left me by now
Who left me in a crowd
But not you
