All I Want

Mis-teeq

M with the I with the S T double E Q
All I want is to be with you
Mis-Teeq with the one, Sunship
All I want is to be with you
But I just got to live, live my own life too
All I need to know that the world is nuts
Snap my fingers and everything is fine, that's all
Firing it up and away we go
Sitting, looking in the mirror
Like Alice, through the looking glass
Life's a never ending journey
Be careful not to go too fast
Sometimes I can't help myself
From falling in too deep
I know it may be hard to tell
Your love is calling me
All I want to be
And away we go
All I want is
Gonna get on the mic
Gonna make you whine
All I want is to be with you
But I just got to live, live my own life too
All I need to know that the world is nuts
Snap my fingers and everything is fine, that's all
Floating on a river of dreams
On a magic carpet ride
Take control of my destiny
I know it's just a matter of time
That I will find that Midas Touch
And everything will turn to gold
It would mean nothing
Without you here to hold
All I want to be
And away we go
All I want is
Gonna get on the mic
Gonna make you whine
All I want is to be with you

But I just got to live, live my own life too
All I need to know that the world is nuts
Snap my fingers and everything is fine
I can read it in the stars
That what I want is who you are
I will lay my hair down for you
A thousand times to show you
That when you reach me at the top
I'm gonna give you all I got
And wherever we will go
Our hearts will follow
It's a UK thing, stuff that we bring
No one to burn, let the journey begin
We're the Mis-Teeq, we're in chorus, we sing
Quick off the mark, ring a ding ding ding
In a mix with a bag of tricks
Feel the vibe with the one, Sunship
Move to the beat, it's about music
Roll through these tracks with the fresh tactics
All I want is to be with you
But I just got to live, live my own life too
All I need to know that the world is nuts
Snap my fingers and everything is fine
All I want is to be with you
But I just got to live, live my own life too
All I need to know that the world is nuts
Snap my fingers and everything is fine, that's all
Firing it up and away we go
Boy, I wanna be with you
I wanna live my own life too
And I got to have it all
That's all, that's all, that's all
I'm gonna snap my finger
Everything is fine
I wanna have it all
