I can be your passion if you want
This is my heart I leave it to you
I can be your love into your dreams
Stay with me leave it to meStay with me
To be free
It's time for us to liveThis is my heart
I leave it to you
Leave it to meI can be your passion if you want
This is my heart I leave it to you
I can be your love into your dreams
Stay with me leave it to me
