Wrong Feels So Right

Carly Rae Jepsen

You got your way with me now danger
And I never know why
Things you do are things we've done before
Don't you be looking at me darling with your sneaky eyes
Now what can you be looking at me for?

Sometimes when i'm blowing, I close my eyes
Some nights when I can't sleep, I fantasize
Hard to believe that you're right here tonight
I'm going out of my mind

I think this could be the one night
I give in to this, right
Boy I just might, cause you're on my head
I can't stop emotion
Hold me, be the way to show me
This be something so sweet
This could be the night
Wrong feels so right

[beat break]

This could be the night
Wrong feels so right

He's begging my heart to see his love
And I don't know why
Things you say, are things you said before
Instead of the truth, that's where you sticking needle in your life
Now what can you be looking at me for

Sometimes when i'm blowing, I close my eyes
Some nights when I can't sleep, I fantasize
Hard to believe that you're right here tonight
I'm going out of my mind

I think this could be the one night
I give in to this, right
Boy I just might, cause you're on my head
I can't stop emotion

Hold me, be the way to show me
This be something so sweet
This could be the night
Wrong feels so right

Tell me what was I supposed to do with that type of attention
I gave all that I had to you
You forget to mention, when you say that your heart is too
Just an invention, not your intention, no no
Tell me what was I supposed to do with that type of attention
I gave all that I had to you
You forget to mention, when you say that your heart is too
Just an invention, not your intention, no no

I think this could be the one night
I give in to this, right
Boy I just might, cause you're on my head
I can't stop emotion

I can't stop emotion
I can't stop emotion
Stop emotion, stop emotion
Wrong feels so right

[beat break]

This could be the night
Wrong feels so right

This could be the night
Wrong feels so right
