Grand Parade

Hayes Carll

Another Sunday on the corner of the neighborhood
Leavin' worries right where they lie
I'm just peelin' off the labels and I'm feelin' good
A-watchin' all as life goes byAnd there's music on the window of the record store
Kids were runnin' wild in the heat
Couldn't get much better with my laugh and the weather
Till I saw you walkin' down the streetNow girl, you had me thinkin'
'Bout you and 'bout me
So many things I like to sayAnd girl, I wanna get you
And get my picture with you
So that everybody around here can see us
Livin' in this grand paradeAnother Sunday on the corner in the neighborhood
And not a single cloud in the sky
I'm just jokin' with the fellows and feelin' good
Watchin' all as life goes byI thought I knew pretty from the magazines
And the girls I used to meet on the town
But you got me burnin' numbers and pickin' out rings
You better [Incomprehensible] hands downNow girl, you got me thinkin'
'Bout you and 'bout me
So many things I like to sayNow girl, I just can't hide it
You're getting me excited
Thinkin' 'bout all of the plans we can see
Living in this grand paradeJust another Sunday in the neighborhood
I got you sittin' right by my side
We're just laughin' with the friends and feelin' good
Watchin' all as life go by
Watchin' all as life go by
