

Take My Hand

Goodnight Nurse

There's a long way to go
And I'm aching to know
If what we're doing is right
And the feeling plays on my mind
I'm torn between extremes
Of sacrifice and dreams
I met them in between[Chorus:]
I've sold my soul for what I love
And felt the cold from up above
I've learned some things I didn't know
And watched some lives go up in smokeWith eyes set on me
I tread carefully
When pressure's wearing me through
Can I count on leaning on you
The choices that we've made
Give life to better days
Or lead us to our grave[Chorus]Take my hand
And show me what it's like
Show me what it's like
Its all I wanna know
So take my hand
And show me what its like
Show me what its like[Chorus]Take my hand
Take my hand
As lives go up in smoke
