Hot Like Wow

Nadia Oh

Wow
WowThe way you walked in, I saw you standing there
You caught me staring at you hot like wow
You came a little closer, you know you make me blush
You got a body that is hot like wowAnd all my friends they tell me, you know they think I'm crazy
The things you've got me doing hot like wow
They say they don't believe me but I know they're just jealous
The freaky things you do are hot like wowAnd all I wanna do is find a boy like you
Someone to make me feel hot like wow
And if you want me to, I know just what to do
You got a body that is hot like wowHot like wow
Hot like wow
Hot like wowAnd when I see you boy, you make my heartbeat jump
I can't stop looking at you hot like wow
I think of all those things I wanna do with you
And then I try to stop it hot like wowI bet you look much better with no clothes on
Although I know I shouldn't hot like wow
I know you see me looking, I see you looking too
You know you make me feel hot like wowAnd all I wanna do is find a boy like you
Someone to make me feel hot like wow
A little boy like you to make my dreams come true
You got a body that is hot like wowHot like wow
Hot like wowHot like wow
You got a body that is hot like wow
Hot like wow
You got a body that is hot like wowHot like wow
Hot like wow
Hot like wow
Hot like wow
Hot like wow
