

# Defamation Innuendo

## Circle Jerks

Four years college, you've got knowledge  
A bachelor degree, you read and write  
You think it's right but don't come down on me You're an educated jerk, write about us  
I could squeeze you like a pimple  
But I don't need the pus Defamation innuendo, defamation innuendo  
Communication to third person, it's defamation  
My reputation, defamation innuendo Well, I got the record, I haven't heard it yet  
I went to the concert, I wanted to get in on the guest list  
But they wouldn't let me in, defamation innuendo I didn't get a change to see the band  
Hell, I never heard 'em and now I've gotta write about 'em  
God, the story is due, the story's due tomorrow  
What should I write? Well, they're no good
