

The Key (feat. Emi Meyer)

Def Tech

Every day keeps passing me by
Every moments a blink of an eye
Every moment keeps passing me by
Every day is a blink of an eye
Every day keeps passing me by
Every moments a blink of an eye
Every moment keeps passing me by
Every day is a blink of an eye
Experience, dont look back
Dont dwell on grievances
Youre more than that
Timing is everything
Dont waste your breath
On just anything
Here to give a second try
I gave you trust and it survives
Do we need to see to believe
Or believe to see
Forgiveness is the key
Emi girl, dont know why
I kept those secrets for real
Was afraid youd turn your back up and leave
Youre the best thing thats happened to me
Follow me, call on me anytime
As long as Im here for you to find
You can forgive me, love me, kiss me,
Hug me, hold me, squeeze me
Anyway you need me
Excuse me miss, forgiveness is key
Experience, dont look back
Dont dwell on grievances
Youre more than that
Timing is everything
Dont waste your breath
On just anything
Here to give a second try
I gave you trust and it survives
Do we need to see to believe
Or believe to see

Forgiveness is the key
Here to give a second try
I gave you trust and it survives
Do we need to see to believe
 Or believe to see
 Forgiveness is the key
 Here to give a second try
I gave you trust and it survives
Do we need to see to believe
 Or believe to see
 Forgiveness is the key
