

Love Will Set You Free

Whitesnake

Something in your smile was so inviting
Something in your eyes told me to stay
Something in your touch electrified me
Completing me in every single way Now I realize as I look in your eyes

This must be love

Baby try to understand my heart is your hand Chorus

Love will set you free

Love will set you free

You can trust in me

My love will set you free

Set you free Every time I think about you baby

Every time I see your smiling face

Every time I feel your loving arms

Around me guilty pleasures

Take up all my time & space Now I realize as I look in your eyes

This must be love

Baby try to understand my heart is in your hand Chorus

Love will set you free

Love will set you free

You can trust in me

My love will set you free

Set you free

Set you free, set you free! guitar solo Now I realize as I look in your eyes

This must be love Baby try to understand my heart is in your hand Chorus

Love will set you free

Love will set you free

You can trust in me

My love will set you free

Set you free, set you free
